About Thien, PADI Course Director - DAN & Emergency First Response Instructor Trainer

Thien's first view of the underwater world was through a swimming goggle on a pristine reef off the Refugee Camp at Pulau Bidong, Malaysia in 1980. At 10 years old, awaiting UNICEF to decide his future, little did he know that first glimpse under the sea will be a part of his life's passion.

Born in the former South Viet Nam, Thien escaped with his family among the "Boat People" to Malaysia. He immigrated to the US in 1981 and grew up in California where he had lived for the past 20+ years. A graduate of University of California at Santa Barbara, Thien's professional life has been as a General Manager for Gap Inc. and a Business Development Manager for E-greetings Network Inc. (eGreetings.com).

Arrived in Phuket 6 years ago, he was attracted to the Andaman Sea for her tremendous underwater marine life, great local & international food, and the first class professional training facilities. Graduated from PADI Head Quarter in California, Thien was no stranger to the Instructor Development Course. By the summer of 2004, he had taught in 25 programs (over 300 candidates) before becoming a PADI Course Director. Prior to making Scuba Diving his daily lifestyle, you could find him mountain trekking, running marathons, stumbling through triathlons, and had fallen off his skis and mountain bike quite often while searching for that ultimate "adrenaline rush."
